LANGUAGES

- ENGLISH
- BANGLA

OBJECTIVE

Being a student of software engineering I knew the work of web design then I learned PHP and Laravel frameworks for web development. I have developed several projects using the Laravel framework. Notable among them are e-commerce and construction websites. I like to learn new things constantly. I try to work on time. I want to implement what I have learned so far in my work life and I want to learn more new things from my work life.

PROFESSIONAL PROJECTS EXPERIENCE

Online Ecommerce	php(laravel)	Single Project
Online Super Shop	php(laravel)	Single Project
Honey.com	php(laravel)	Single Project
